ENVIRONMENTAL DECLARATION OF CONFORMITY – REACH – RoHS – SCIP

SENECA S.r.l., with registered office at Via Austria 26 – 35127 Padova (PD), Italy, declares that the electronic products designed, assembled and supplied to its customers comply with the European legislation in force concerning the protection of health, operator safety and environmental protection, in accordance with the applicable provisions of the Regulations and Directives listed below.

REACH (Regulation (EC) No 1907/2006 as amended)

Pursuant to the REACH Regulation, the products supplied by SENECA S.r.l. are classified as “articles” as defined in Article 3(3) of Regulation (EC) No 1907/2006 and, under normal or reasonably foreseeable conditions of use, do not release substances hazardous to human health or the environment.

With reference to the February 2026 update of the ECHA Candidate List, which brings the total number of SVHCs (Substances of Very High Concern) to 253, including the following new substances:

• n-Hexane (CAS No. 110-54-3 – EC No. 203-777-6 – Specific target organ toxicity after repeated exposure)
• 4,4′-(hexafluoroisopropylidene)diphenol and its salts (Toxic for reproduction)

on the basis of the information currently available, internal checks and declarations received from suppliers of components and materials, SENECA S.r.l. declares that none of the SVHCs included in the ECHA Candidate List, as updated on the above date, is present in its products in a concentration above 0.1% w/w, as provided for by Article 33 of the REACH Regulation.

The updated list of SVHCs is available on the official ECHA website:
https://echa.europa.eu/candidate-list-table

Should future regulatory updates or changes in the composition of materials require a new assessment, SENECA S.r.l. undertakes to promptly notify the customers concerned, in compliance with the information obligations laid down by the REACH Regulation.

SCIP (Substances of Concern In articles, as such or in complex objects – Products)

In compliance with Article 9(1)(i) of Directive 2008/98/EC, as amended by Directive (EU) 2018/851 and transposed into Italian law by Legislative Decree 116/2020, SENECA S.r.l. declares that there is no obligation to notify its products to the SCIP database managed by ECHA.

This exemption is justified by the absence of SVHCs in concentrations above 0.1% w/w in the articles supplied, based on technical assessments, document reviews and declarations collected along the supply chain.

RoHS (Directive 2011/65/EU – Delegated Directive (EU) 2015/863 as amended)

SENECA S.r.l. products comply with Directive 2011/65/EU (RoHS II) and with its update introduced by Delegated Directive (EU) 2015/863 (RoHS III), on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

The products comply with the maximum concentration values set out in Annex II of the Directive, taking into account any applicable exemptions listed in Annexes III and IV.

Restricted substances and maximum permitted concentration values:

• Lead (Pb): < 1000 ppm
• Mercury (Hg): < 1000 ppm
• Cadmium (Cd): < 100 ppm
• Hexavalent chromium (Cr VI): < 1000 ppm
• Polybrominated biphenyls (PBB): < 1000 ppm
• Polybrominated diphenyl ethers (PBDE): < 1000 ppm
• DEHP, BBP, DBP, DIBP: < 1000 ppm each

SENECA S.r.l. constantly monitors developments in European REACH, SCIP and RoHS legislation in order to ensure the ongoing environmental compliance of its products and accurate information along the supply chain.

Padova, 07.05.2026
